VOTE FOR ALEX COLEY

- I listen to residents' priorities on the doorstep and I will listen to you.

- I will work with partners across Surrey to solve problems and fight crime and Anti-Social Behaviour.

- I will use my knowledge and experience to bring back pride and professionalism to our police.

Dear Resident,

On May 2nd, you will be asked to elect a Police & Crime Commissioner for Surrey. I am asking you to vote for me.

I was born and raised in Surrey and live with my wife and two daughters in Epsom & Ewell. We don't believe that 75% of women and girls feel safe after dark like the current PCC says.

Since 2018 I've been a borough councillor and I'm a member of the Surrey Police & Crime Panel. I've been a senior police manager and an independent adviser on policing.

- I will give you more 'bobbies on the beat' and a better response when you contact 101 or 999. I know you are fed up with the police share of council tax going up again, but not seeing police officers or PCSOs on the street.
- Surrey is the only area in the country where local taxpayers contribute more to policing than the government, a whopping 55% of police funding. I'm petitioning Parliament to change this.
- Surrey Police underspent by £8.7m last year. In December, an inspection gave a rating of 'Inadequate' at responding to the public. I will put your money to work and deliver a better service.

Let's take party politics out of policing. I will be an Independent PCC, fighting crime with more police, keeping you safe, where you live.
