

Flooding Articles in *Thames Ditton Today*

- » **Flooding and the Lower Thames Strategy** [Winter 2014, p.29](#)
A brief summary of the flooding in Winter 2013/14 and the assistance that was provided by the Environment Agency.
- » **Flooding in Thames Ditton - Keep up to date** [Summer 2017, p.19](#)
A fairly detailed article on the River Thames Scheme and its potential (very small) impact on Thames Ditton.
- » **Flooding in Thames Ditton - Public meetings** [Autumn 2017, p.15](#)
A summary of the outcome of two public meetings held in conjunction with the Environment Agency to discuss flooding.
- » **Flooding in Thames Ditton - An update** [Spring 2018, p.19](#)
A further update on Flood Alerts and Warnings and the River Thames Scheme.
- » **Flooding in Thames Ditton - Another update** [Spring 2019, p.31](#)
An introduction to Temporary Flood Barriers and updates on the latest flood data.
- » **Residents on the Water to 'Save our River' (River Mole Flood Prevention Scheme)** [Autumn 2019, p.13](#)
The River Mole, passing through Elmbridge, has had a Flood Prevention Scheme since the 1970s. It is now being considered for refurbishment by the Environment Agency - and some of the proposals were not exactly welcomed by local residents! It is now being reconsidered.
- » **Flooding in Thames Ditton - An update** [Autumn 2020, p.27](#)
An introduction to the Residents Flooding Leaflet - [available here](#) (distributed at about the same time to residents in the 'High Risk' area) and the potential for Flood Barriers for Thames Ditton to provide flood protection.
